

## 2<sup>nd</sup> INTERNATIONAL CONFERENCE ON RISK ASSESSMENT OF PHARMACEUTICALS IN THE ENVIRONMENT

**Barcelona, 28-29 November 2019**

### OBJECTIVES AND TOPICS

The **Second International conference on Risk Assessment of Pharmaceuticals in the Environment (ICRAPHE)** will take place in Barcelona, Spain, next November 28-29, 2019. This is a follow up of the First ICRAPHE international conference organized in Paris, September 8-9, 2016 by Prof. Yves Levi.

The following themes have been selected:

- Environmental Monitoring in the Water Cycle and Food
- Sewage Epidemiology
- Ecological and Health Effects, Hazards and Risks
- Degradation and Remediation Technologies
- Wastewater Reuse and Plant Uptake

This conference aims to capture outstanding examples of active research in this field and to draw the attention to future research needs.

For those interested to submit a full manuscript, it is expected that a Virtual Special Issue will be planned in one of the Elsevier journals.

This conference has been financially supported by the EU through the WaterJPI-2015 AWARE project (PCIN-2017-067)
